e: coventry@johnwright.com

from the South (M40)

Exit at junction 15 and take the A46 towards Coventry. After about 8 miles take the exit signed A45. At the junction turn left onto another dual carriageway (A45) heading West. At the first roundabout go straight across, then after about a mile look out for a slip road at the main set of lights that will take you right, signed Earlsdon.

After another mile take a left at the second set of lights, signed Earlsdon. Proceed to a roundabout and turn left into Earlsdon High Street. The front of our shop is about 200 metres up on the right.

from the North East (M69)

At the end of the M69, the road becomes the A45 which tracks around Coventry from the NorthEast to the West. Pass around this ring road, crossing two roundabout's until at the third you will appear to turn right (still along the A45). After about 3 miles go straight across the first roundabout and then after a mile look out for a slip road at the next lights that will take you right, signed Earlsdon. Thereafter continue as in paragraph 2 above.

from the West (Birmingham, M6 etc)

Exit the M42 at junction 6 and take the A45 travelling East. After about 5 miles you will see signs for Earlsdon. Ignore the first turning to the left and continue on until the junction with the A429. Turn left at the lights and follow directions as in paragraph 2 above.

parking

There is space for 6 cars in our car park at the back of our premises. As you turn into Earlsdon High Street, as described in paragraph 2 above, take the first turning right into Moor Street, then take the first left into Warwick Street. After about 100 metres turn left into the car park just before the Earlsdon Cottage pub. We are at the bottom of the car park.
